

WORLD BEAT

World Beat will create the festive spirit of world music events like womad where people of all ages get together to dance and have fun.

This is a free party and will be held every Friday night at Leftbank, Cheltenham Road, Bristol. Our launch date is Friday 6th March.

Music will be an upbeat selection of African, Latin, Brazilian, Caribbean, Balkan and afrobeat provided by resident DJ's Vivo (Brazilian Beatz), Petit and Vlad (Balkan Express).

World Beat has been set up by the promoter of Brazilian Beatz and Fiesta in order to bring together people with a love for world music (for want of a better term) and dancing. We are inviting DJ's, performers, dance teachers to get involved even if its just to advertise what they are doing at our party. Our doors are open to everyone.

The Leftbank is a new venue, opposite Jesters, perfect for this event with a warm welcoming morrocan interior. The music starts from 9 and goes on until late, for more info and to listen to a taster mix of music check out our temporary website at www.worldbeat.weebly.com
